1. Purpose of This Report

Juice Vibe's website development is complete and ready for production launch. Before the site goes live, the business needs its own official web address (domain name). This report compares the two leading .LK domain registration providers in Sri Lanka - Register.lk and DomainSearch.LK - so that Juice Vibe can make an informed decision on which provider to register juicevibe.lk with.

Both providers are legitimate, authorized resellers of the LK Domain Registry. The comparison below focuses on price, requirements, speed, and reliability.

2. Why juicevibe.lk

- Represents Juice Vibe as a genuine, locally registered Sri Lankan business.
- Easy for customers in Waskaduwa, Bentota, and surrounding areas to remember and trust.
- Gives a professional, credible appearance on Google, social media, and printed materials.
- Improves local search ranking (Google tends to favour country-specific domains for local searches).
- Domain will be registered fully under Juice Vibe's ownership - not under the developer's name.

3. Provider Comparison

Feature	Register.lk	DomainSearch.LK	Notes
1st Year Price	Rs. 3,700	Rs. 5,000	Register.lk cheaper to start
Renewal Price (per year)	Rs. 4,700	Rs. 5,000	Register.lk cheaper long-term
Business Registration (BR) Required	Yes - Registrant Info form + approval	No - individual or business, both OK	DomainSearch is simpler if BR isn't ready
Activation Time	Same day, after Hostmaster approval	Within 15 minutes	DomainSearch is faster
Reputation / Track Record	Sri Lanka's No.1 .LK provider, 22,700+ reviews, 96% satisfaction	Authorized reseller, 14+ years, smaller brand	Register.lk has stronger market trust
Support	Colombo office - phone, chat, in-person	Live chat / email / WhatsApp	Both offer responsive support
Extras Included	Free WHOIS protection, free domain/email forwarding	Full DNS management panel, no setup fees	Comparable technical features

4. Full Pricing Plans by Domain Category

Note: .LK domain registration is billed annually only - the LK Domain Registry does not offer monthly billing for domain names. Below is the complete category-wise pricing for both providers, in case a different type of .lk domain (e.g. .com.lk) is considered in future.

Register.lk - Category Pricing (per year)

Category	Applies To	1st Year / Renewal Price
Standard (CAT1)	Top Level + available Second Level (example.lk, .com.lk, .org.lk, .edu.lk, .web.lk, .hotel.lk)	Rs. 6,500 / Rs. 6,500
Economy (CAT2) - Most Popular	Top Level Domain Only (example.lk)	Rs. 3,700 / Rs. 4,700
Budget (CAT3)	Second Level Only (example.com.lk / .org.lk / .edu.lk)	Rs. 1,000 / Rs. 1,000
Premium (CAT4)	Two-letter or numeric (2-7 digit) or other premium names	Rs. 32,500 / Rs. 32,500
Desirable (CAT5)	Three-letter or numeric (8-10 digit) or other desirable names	Rs. 13,000 / Rs. 13,000

DomainSearch.LK - Category Pricing (per year)

Plan	Applies To	Price (per year)
Budget (CAT3)	Second Level Domains (example.com.lk, .org.lk, .web.lk)	Rs. 1,000
Economy (CAT2) - Popular Choice	Top Level Domain Only (example.lk)	Rs. 5,000
Standard (CAT1) - Best Choice	Full package: all Second-Level + .com.lk, .org.lk, .edu.lk, .web.lk, .hotel.lk	Rs. 8,000
Special (CAT5)	Three-letter names and 8-10 digit numbers	Rs. 15,000
Premium (CAT4)	Two-letter names and 2-7 digit numbers	Rs. 40,000

5. Recommendation

If Juice Vibe has a Business Registration (BR) certificate:

Register.lk is the recommended choice. It has the strongest reputation in the Sri Lankan market (recognized as the top-selling, officially sanctioned agent for .LK domains), the lowest renewal cost long-term (Rs. 4,700/year vs Rs. 5,000/year), and dedicated local support in Colombo. This is the safer, more established option for a business that plans to grow its brand over time.

If Juice Vibe does not yet have BR documents ready:

DomainSearch.LK is a good alternative. It does not require business registration documents and can activate the domain within 15 minutes of payment, which is useful if the launch timeline is tight.

Either way, the domain will be registered directly under Juice Vibe's business name and contact details, ensuring the client retains full, permanent ownership regardless of which provider is used.

6. What Happens After Registration

- Domain (juicevibe.lk) connected to the live website with secure HTTPS.
- Google Business Profile created and verified (Search, Maps, Near Me results).
- SEO setup: Search Console, sitemap, structured data, mobile & speed optimization.
- Optional: professional business email (e.g., info@juicevibe.lk, orders@juicevibe.lk).
- QR code table-ordering system configured for in-store use.
- Client training on managing the domain, website admin, and business profile.

7. Ownership & Next Step

As agreed, all key digital assets, the domain name, Google Business Profile, business email, website, and business data, will be registered and remain in Juice Vibe's name and ownership. Technical setup and ongoing maintenance can continue to be provided as a support service.

Next step: once Juice Vibe confirms the provider choice and any remaining balance is settled, domain registration and go-live can begin immediately.
